

Interested in hosting a South-Central Region Teen Ministry Training?

If you are interested in hosting a Regional Training for your Uniteen Leaders, YOU Sponsors, YFM Director and want to include other Unity churches in your area, here are the easy steps to make it happen!

- 1. Plan early. A minimum of six months is ideal to properly plan and promote training by one or more facilitators.**
- 2. Trainings take place on a Saturday from 9:00 am to 1:00 pm making a time slot that is inclusive for everyone while honoring that their time is very valuable.**
- 3. Host Church Responsibilities:**
 - Provide space for the training to take place, including a large room and two or three smaller break out group spaces, each equipped with a circle of chairs.
 - Keep in contact with Joanne regarding all aspects of the training.
 - Pass out the registration forms to all your volunteers and interested parents.
 - Provide snacks and beverages for all participants. This can be done as a gift to the participants or a love offering can be collected. It is your choice.
 - Provide, if possible a white board or flip chart and a CD player for each facilitator.
 - Assist with overnight accommodations for the facilitator(s) to stay with a host family.
 - Assist with arranging travel for the facilitator(s) to and from the airport, church and host family home.
- 4. Responsibilities of the coordinating Regional Consultant(s):**
 - Make own travel arrangements to the nearest airport.
 - Produce and mail all flyers and registration forms to all ministries.
 - Work with you to fine tune the training to ensure the volunteers of the host church receive the information they need.
 - Provide training materials for each participant as included in the \$35.00 per person registration fee. (NOTE: Fee is subject to change.)
 - I'll bring an abundance of resource materials and curricula that you can order directly from the Association of Unity Churches and other sources.
- 5. Sunday observation of your Youth Ministry program is available.**

Each Regional Consultant has years of Youth & Family Ministry experience as a Director, in various size churches and can offer a wealth of valuable information.
